URBAN SQUASH

Urban Squash Toronto (UST) is a charitable organization that combines an intensive after-school, 7 days-a-week, year long education program with concentrated athletics (principally squash). We support under-served youth in the Jane / Finch corridor to reach their full academic, athletic and personal potential.

Our goal is to ensure all of UST's students graduate from high school and pursue a post-secondary education of their choice. In doing so, our students grow to become healthy, civic-minded, educated adults, transforming the lives of our students and the community in which they live.
