Dear Friends:

We have lost a great character yesterday. Adrian never failed to make a long car ride interesting, and he spiced training up with his passion and drive.

I got to grow up alongside him, and watched him grow from a boy with too much energy into a man who channeled that and applied himself intensely and determinedly to what he loved.

It's way too soon to see him go, I have no doubt he had a lot left to accomplish. He will be sorely missed.

I won't forget how hard he worked on and off the court, and I will strive to do the same.

In this tough time, I send my deepest condolences to his family.

Sincerely,

Samantha Cornett
