- b. Other eligible players will be determined by the respective Captain's Ranking Committee of each country using ranking as a guideline.
- c. The best players who meet the eligibility requirements for their country as determined by the respective Captain's Ranking Committee of each country.

Eligibility

All players must be members in good standing with their respective provincial, territorial or national squash association.

The age of all players in each age category will be determined by their age as of the first day of the event.

Eligibility will be determined based on citizenship not residence. In the event an eligible player has dual citizenship and did not compete in the previous Can-Am, the player may accept an invitation from either country. If a player applies to play for one country but is ineligible to play due to his/her eligibility requirements, the player may play for the other country provided he/she is eligible to play for that country.

Players with dual citizenship who participated in the most recent prior Can-Am Cup are only eligible to represent the same country they represented in the most recent prior Can-Am Cup. If the player has not received an invitation to play by July 1st of the Can-Am Cup year, they are eligible to play for either country.

Each country shall set its own deadline for applications to participate in this event. Each team shall be chosen at least ten (10) days prior to the event. At a mutually agreed time, not more than 10 days before the event, the respective captains of each team shall simultaneously disclose their team and line-up to the other in a conference call or other suitable manner.

Substitutions

In the case of a late withdrawal or injury the said player's Captain may either substitute an eligible player not already on the roster to play in all the matches on behalf of the injured/withdrawn player at his/her sole discretion. Or, the Captain may assign an existing team player from a higher age category to play one additional match plus any lightning round matches.

Play for the Canada vs. USA competition shall consist of up to three rounds.
